

**Step 1:**

For iPhone users, go to the App Store on your phone.

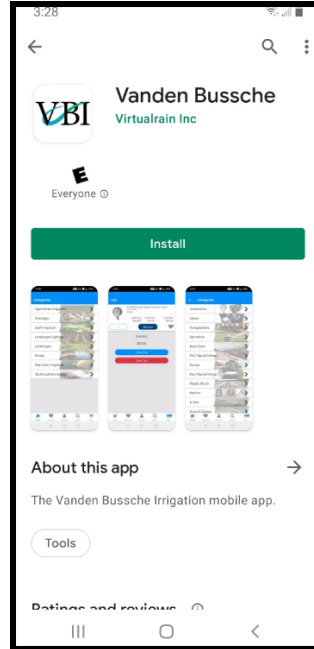

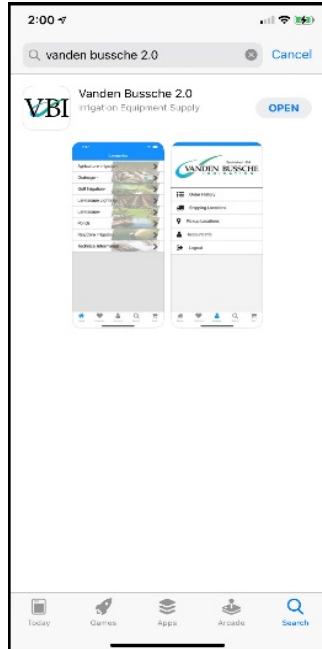

For Samsung users, go to the Google Play store on your phone.

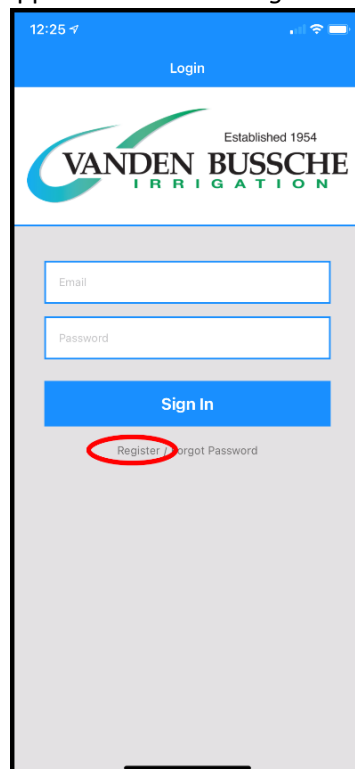

**Step 2:**

Go to the search feature, and type in “Vanden Bussche 2.0”. Download this app to your phone.

**Step 3:**

Once installed, open the application. Select “Register”

**Step 4:**

Fill out all the requested information. Once filled in, hit the blue “Register” button.

**Note:** There are no specifications or special requirements for the password. Please pick something that is unique to you and that you will remember.

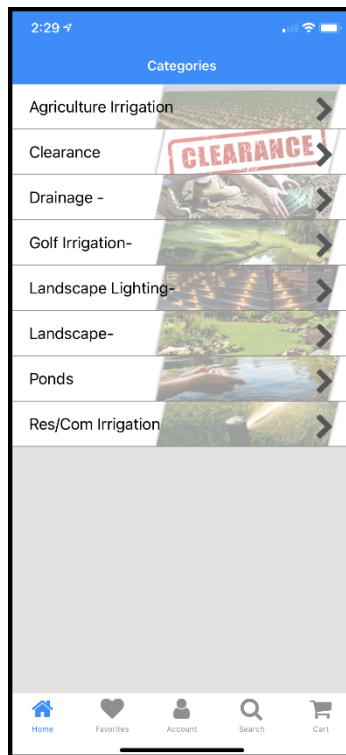

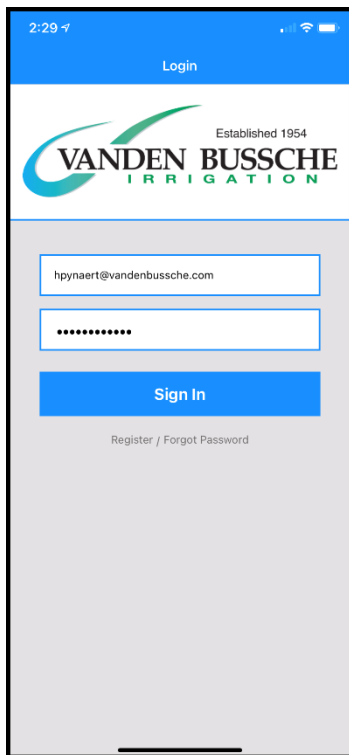

The image displays two sequential screenshots of a mobile application's registration screen. The left screenshot, timestamped 12:25, shows the 'Register' form with empty input fields for First Name, Last Name, Email Address, Phone Number, Company Name, Account Number, Password, and Confirm Password. A blue 'Register' button and a 'Back To Log In' link are visible at the bottom. The right screenshot, timestamped 12:27, shows the same form with the following data entered: First Name: Bob, Last Name: Smith, Email Address: bobsmith@irrigation.com, Phone Number: 5191234567, Company Name: Irrigation Bob, and Account Number: 1111. The 'Register' button and 'Back To Log In' link remain at the bottom.

**Step 5:**

You should be directed back to the main login screen, with a green bar at the top that says “Your account was created successfully.”

The image shows a screenshot of the mobile application's main login screen. At the top, a green bar displays the message "Your account was created successfully." Below this, the Vanden Bussche Irrigation logo is shown, featuring a stylized green and blue swoosh and the text "Established 1954" and "VANDEN BUSSCHE IRRIGATION". The login form consists of two input fields: "Email" and "Password". A blue "Sign In" button is positioned below the fields. At the bottom of the screen, there is a link that reads "Register / Forgot Password".

**Step 6:** You should now be able to login to your account with the designated email address and password you provided in your initial registration. Click the blue “Sign In” button.

**Note:**

You can immediately view products on the app once you’ve completed the registration process and sign in. Your registry will send a notification to VBI employees to activate your account. Once your account has been “activated” in our administration process, you will receive an email that your account is activated. It is at that time that you will then be able to see pricing (list and customer pricing), inventory specific to your default warehouse, and place orders.
