- ✓ **Multiple Carts** – Create and name multiple carts to keep projects organized.
- ✓ **Expanded Inventory Access** – View stock levels at all locations and place orders from any of them.
- ✓ **Company Admin Controls** – Each company can have an admin to manage users, view all orders, and finalize team orders.
- ✓ **Price & Promotions Highlights** – Stay informed with alerts on upcoming price increases and current promotions.
- ✓ **Flexible Shipping Options** – Choose to ship in-stock items immediately and have the remainder of your order shipped ASAP.
- ✓ **View Order History** – Access **both app and non-app orders** in one place for easy tracking and record-keeping.

Tips for a Smooth Experience
